RE: Form I-129, Petition for a Nonimmigrant Worker
Petitioner: Google LLC
Beneficiary: FERNANDA OLIVEIRA SANTOS
Classification: H-1B Specialty Occupation
Position: Senior Software Engineer
LCA Certification: I-200-24123-456789

Dear USCIS Officer:

Google LLC ("Petitioner") respectfully submits this H-1B petition on behalf of FERNANDA OLIVEIRA SANTOS ("Beneficiary"), a highly qualified software engineer with a Master of Science in Computer Science and 9 years of specialized professional experience. **I. EXECUTIVE SUMMARY** This comprehensive petition demonstrates full compliance with all H-1B requirements under INA § 101(a)(15)(H)(i)(b) and 8 C.F.R. § 214.2(h). The petition establishes that: **1. The Position Qualifies as a Specialty Occupation:** The position of Senior Software Engineer in the Cloud Platform Engineering requires highly specialized knowledge in computer science, software architecture, and distributed systems that is typically associated with a bachelor's degree or higher in a specific specialty. The minimum entry requirement for this position is a bachelor's degree in Computer Science, as evidenced by: • Industry-standard requirements documented in the Department of Labor's Occupational Outlook Handbook • Prevailing wage determination at Level III for SOC Code 15-1252.00 • Complexity and specialization of duties requiring advanced theoretical and practical knowledge • Employer's consistent requirement for bachelor's degree for similar positions **2. The Employer is a Bona Fide Employer with Ability to Pay:** Google LLC is one of the world's largest and most financially stable technology companies, with revenue of $282,836,000,000 in fiscal year 2023. The Petitioner has more than sufficient financial resources to pay the offered wage of $145,000 per year throughout the 3-year validity period and beyond. **3. The Beneficiary is Qualified:** Ms. Santos possesses both the required educational credentials and extensive practical experience. She earned her Master of Science in Computer Science from Universidade de São Paulo (USP), graduating Summa Cum Laude with a GPA of 3.85/4.00. Her 9 years of progressive professional experience includes leadership of 8 engineers and management of $2,000,000 in technical infrastructure budgets. **4. A Labor Condition Application has been Certified:** The Department of Labor certified LCA I-200-24123-456789 on December 15,

2024, valid through February 28, 2028. The offered wage of $145,000 exceeds the prevailing wage of $138,000 by $7,000 (5.1%).

The company's core products include Google Search, Google Ads, Google Cloud Platform, YouTube, Android, Chrome, and numerous other platforms and services. The company maintains substantial operations in California, particularly in the San Francisco Bay Area where the beneficiary will be employed. **C. Financial Strength and Stability** The Petitioner's audited financial statements for fiscal year 2023 demonstrate exceptional financial strength: **Fiscal Year 2023:**
• Total Revenue: $282,836,000,000
• Net Income: $59,972,000,000
• Total Assets: $402,392,000,000

The company's strong financial position eliminates any question about its ability to employ the beneficiary and pay the proffered wage. **D. Immigration Compliance History** Google LLC maintains full compliance with all U.S. immigration laws and regulations. The company has sponsored hundreds of H-1B, L-1, and employment-based green card petitions and maintains detailed public access files for all LCA postings as required by regulations.
